Description

PAPWORTH ENGINEERING Side Access Filter/Fan Housings are designed for filters with nominal face measurements of 600 × 600 mm (full size), and 600 × 300 mm (half size).

They are available in three depths.

200 mm deep housings are designed for panel filters up to 100 mm thick.

500 mm deep housings are designed for rigid filters up to 292 mm thick.

750 mm deep housings are designed for bag filters up to 660 mm deep and for fans.

Note that models 1675 mm and 1980 mm wide have access doors on both sides for convenient access.
